This was a secret place, where sentries were placed at the entrance of the Valley, as well as along the top of the hills, in the hopes of discouraging tomb robbers, who had in the past plundered all royal tombs, including the treasures of the Pyramids! Some thefts were probably carefully planned, but others were spur of the moment, as when an earlier tomb was accidentally discovered while cutting a new one and workmen took advantage of the opportunity. This may have happened when KV 46 was found during the cutting of KV 4 or KV 3 nearby. The tombs in the Valley range from a simple pit, to a tomb with over 121 chambers and corridors. **Hatshepsut temple** at Dier El Bahar is one of the most characteristic temples in the whole of Egypt, due to its design and decorations.
