This was a secret place, where sentries were placed at the entrance of the Valley, as well as along the top of the hills, in the hopes of discouraging tomb robbers, who had in the past plundered all royal tombs, including the treasures of the Pyramids!

Some thefts were probably carefully planned, but others were spur of the moment, as when an earlier tomb was accidentally discovered while cutting a new one and workmen took advantage of the opportunity. This may have happened when KV 46 was found during the cutting of KV 4 or KV 3 nearby.

The tombs in the Valley range from a simple pit, to a tomb with over 121 chambers and corridors. Hatshepsut temple at Dier El Bahar is one of the most characteristic temples in the whole of Egypt, due to its design and decorations. It was built of limestone, not sandstone like most of the other funerary temples of the New Kingdom period. Colossi of Memnon are two massive stone statues of Pharaoh Amenhotep III.

For the past 3400 years (since 1350 BC) they have stood in the Theban necropolis, across the River Nile from the modern city of Luxor. After lunch, we shall visit the East bank of Luxor. The Temple of Ptah, the Temple of Montho and the Temple of the God Osiris. A 20m high, mud brick enclosure walls, surrounded all of these buildings. Luxor Temple or The Temple of Luxor, is among the most beautiful Temples in Egypt. It was known in the New Kingdom period as Ipt-Rsyt, which means the southern shrine.
