## ITINERARY

Pick up from your hotel and depart for Ardahan City tour.

There are many castles in Ardahan. We will visit castles of city. First stop will be Ardahan Castle. Ardahan Castle, which was built in the Ottoman era under the order of Sultan Suleyman in the mid-16th century, has managed to reach the present day intact.

In the prehistoric studies carried out around castle, findings from the ancient Bronze Age were obtained. Continue to Seytan(Devil) Castle, the castle was used continuously from the Hellenistic era to the Ottoman period and was renovated or modified by each of its occupiers. It hosts cisterns, a staircase that descends to the water and a chapel. Then Kinzi Castle, it is a Castle thought to have been built before Christ. Then head to Kalecik Castle, it is a castle thought to have been built by the Urartians in the 8th century B.C. After Kalecik Castle, we will visit to Kurtkale (Wolf's Castle), next to border of Georgia. Then, continue to Kirnav Castle, the exact construction date of this castle is also unknown. However, it is remarkable that today's ruins have the same wall technique as the ruins of Ardahan Castle.
