ITINERARY

Day 1 : DAILY ELAZIG CULTURAL TOUR

We will pick you up from the hotel in the morning .We will visit today:

Elazig, Turkey's Elazig province, the center of the city. It is located in the Upper Euphrates Section of the Eastern Anatolia Region.

Demirkap? Han is located in Çakmakkaya village of Alacakaya district of Elazig. Demirkap? Han, the only historical monument in the region, is located on an area of ??2 decares. Demirkap? Inn, IV. It was built by Murat in 1638 during the Baghdad expedition. It was built for the accommodation of caravans that came over Baghdad and passed through Çakmakkaya village and reached the Black Sea through the Gülek Strait.

Sori Waterfall is located in Alacakaya District of Elazig. With the melting of snow in spring, water density increases.

Sakl?kap? Canyon attracts the attention of those who see the natural wonder canyon called "Sakl?kap?", located in the village of Aku?a?? in the Baskil district of Elazig, called "Saklikap?", with its karst formations, flora and fauna. The natural wonder canyon is about 4 km long and one end of the canyon opens to the Euphrates River.

Black Stork Canyon is a natural wonder area where the Black Storks, whose numbers are estimated to be 10-15 thousand pairs, are nested. The canyon is within the borders of Kumlutarla village of Baskil district of Elazig on the Euphrates river and 3 km from the village center. Transportation to the canyon is done by boats.

Golan Hot Springs, located next to Peri Stream in Yo?una?aç Village in the west of Karakoçan district, are flocked to thousands of visitors every year. According to the report of Refik Saydam Central Health Sanitary Institute, it is stated that these spas are good for the treatment of rheumatism, neuritis, poly-neuritis, fracture-dislocation, gynecology and skin diseases.

Hazar Lake, located in the southeast of Elazig and 26 kilometers from the city center, is a tectonic lake. The lake, which has Hazarbaba Mountain in the south, is separated from Uluova by the Mastar Mountains. The length of the lake, which is 1250 meters above sea level, is about 22 kilometers and its widest place is 5-6 kilometers. The depth of the lake, which has an area of ??86 kilometers, varies between 200-250 meters.

After the tour, transfer back to your hotel. Overnight in Elazig .
