# 6 Day Gumushane City Tour&Limni Lake Tour

Gumushane has a magnificent, unspoilt, tourist potential with its caves, ski centres, plateaux, waterfalls, ancient cities and wide variety of flora and fauna. The natural environment consists of pine forests and heaths. The province borders between the climates of the Eastern Black Sea and eastern Anatolia therefore the summers are dry, the winters and spring months have plenty of rainfall. The greenness of the Black Sea region is unlike any other and you'll enjoy wandering amongst the fascinating plateaux and flower fields. We recommend the summer and spring months in particular.
