The masonry is an example of ancient Seljuk art.

Then we will drive on to Derinkuyu for a visit of the incredible underground city (8 floors, going down to 57 m under the ground). After this visit, we drive to Mustafapasa charming city, which was inhabited by orthodox greeks until 1923. Day 3 : Tahtali, Uzengi and Pancarlik Valleys - Mustafapasa (5 Hours Walking)

Breakfast, Lunch and Dinner Included

After breakfast, we depart for the trailhead point of our walk. We walk down to the tahtali, one of most typical examples of rock-carved housing in Cappadocia. Millions of years ago tuff, a soft stone comprised of lava, ash and mud has accumulated on the landscape's surfaces as a result of local volcanic activity. The erosion since, has made this landscape appear to be unnatural work; rock formations out of a fantasy land rise up before you at every turn and entice you to look longer and wonder at their creation

Then through small valleys and plateau's we go down to the valley of Uzengi bordered with a high cliff of white tuff where there are thousands of pigeon houses. Our lunch break will be on the way as a picnic. Our pathway takes us into the Pancarlik valley. It is a fantastic landscape, a tumble of waves with pastels colours, patchwork of vineyards and small gardens in terraces. We are in front of sarica and kepez churches, carved in the heart a fairy chimneys. They are interesting for their architecture. Dinner and overnight at pension in Cappadocia.

Day 4 : Valleys of Avcilar and Kiliclar Goreme (5 Hours Walking)

Breakfast, Lunch and Dinner Included

After breakfast, we will take a short drive to the beginning of Avcilar valley. In the heart of Cappadocia, this is a breathtakingly beautiful valley, with poplars, fruit trees and gardens between two walls of coloured tuff.

We follow all the meanders; the colours change quickly, the white dominate, the abandoned gardens fall down in this strange land. We then continue into the Kiliclar valley. Like mushrooms, fairy-chimneys are standing up and we walk through them. Simple rock-cut churches, cones and unusual rock formations are the highlights of this part of the trek. Picnic will be served for lunch. Dinner and overnight at pension in Cappadocia.

Day 5 : Zelve - Pasabag - Cavusin - Kizilcukur - Goreme (5 Hours Walking)

Breakfast, Lunch and Dinner Included

Transfer to zelve and visit, an old cave-dwellings-village, today used as an open-air museum. It was inhabited until 1950, but the government moved the population because of erosion. Walk to Pasabag valley (also called priest valley). We walk on the cliffside dominating the most famous fairy chimneys of Cappadocia: some are getting destroyed, whereas some others have still three "heads"... We cross cavusin village, one of the first christian settlement. We visit here the old church dedicated to st the baptispte, where you can still recognise the fresco of salome dancing for herodes.

Afterward we continue onto kizilcukur (red valley), this valley is certainly the most beautiful in Cappadocia with its formations and red colours: during millions years ago, rain and wind worked together to erode the soft volcanic rock; you will see here that the result is really fairy. Small valleys, cones, peaks and fairy chimneys alternate harmoniously on our way. Because he needed to become integrated into this extraordinary landscape, man built into this, cave dwellings, frescoed churches. We will visit some of them en-route. Dinner and overnight at pension in Cappadocia.

Day 6 : Guvercinlik - Akvadi - Goreme (5 Hours Walking)

Breakfast, Lunch and Dinner Included

After a lunch-break in Uchisar village, we visit the high viewpoint known as "fortress": this offers a splendid view all over Cappadocia. In the afternoon we walk in the Akvadi valley following an old river bed (today dry) featuring fruit gardens and many vineyards. In this valley, you will notice the fairy chimneys are particularly slim. Dinner and overnight at pension in Cappadocia.

Day 7 : Goreme - Ihlara Valley - Selime - Ankara (5 Hours Walking)

Breakfast and Lunch Included

After breakfast, we drive to Ihlara area where we will walk in the Ihlara valley, along the Melendiz with the rhythm of birds' songs. This valley is particularly rich with flora due to the presence of water. We will see here cave dwellings and rock-cut churches from the Christian period. There we will visit certainly ones of the most beautiful orthodox churches (from 6th and 12th century) with excellent preserved examples of Christian frescoes on the rock faces of the valley.
